INTRO D UCTION

Bridge Chemie is the Most Reliable and Certified Chemical & Technical Consultancy Service Provider in Bangladesh.

Bridge Chemie is one of the leading companies that specialize in offering the best possible services you'll find from any other similar brand.

Bridge Chemie was established in March 2004 with the aim of contributing to the development of our growing industrial sector as an emerging country, in need of technical knowledge, modern machines, quality raw materials, chemicals as well as skilled manpower for the industry. Bridge Chemie represents as a trusted partner of more than 50 international companies around the world with licensing and promote their product in Bangladesh. By this time through our outstanding effort we have captured the major market share in the area of textile and ceramic sectors of Bangladesh.

Besides, Bridge Chemie is deliberating to invest in the agricultural sector of Bangladesh on the pretext of growing and taking it to a global scale.

Our clients are our top-most priority, and we solely believe in their satisfaction. Our expert team is always available to offer the care and service that our clients truly deserve.

Company | History

March 2004 - From Birth to a Period of Growth

Since its launch in 2004 as a small business house, Bridge Chemie has gained much popularity and success with the coming years in its indenting and importing sectors. From the quality of the products to coming with various products, they have never failed to impress their clients and thus have successfully made a strong position of themselves.

2011 - Opening the horizon to the Ceramic Industry

After having a significant success rate in the indenting and importing sector, we have expanded our business to serve the ceramic sectors along with the hope of making it one of the most reliable ceramic supplier providers in Bangladesh.

2011 - Moving to the Textile and Plastic Chemicals

Once the ceramic sector hit, we extended our business from keeping a full stock ready to offer all kinds of printing raw materials and chemicals to serve all the local manufacturers.

WHY CHOOSE US ?

Dedicated Troubleshooting

We have a full-time committed and enthusiastic troubleshooting team who are always on your service to resolve all your issues.

Client Friendly Service Environment

All our team members are extremely co-operative and helpful in solving any difficulties our valuable clients face at any time of the hour.

Demonstration & Training Facility

We offer in-house training on screen printing, PAD printing, ceramic printing, and machinery operation for our clients.

Enough Stock Availability

We always have a huge stock of products available in our warehouses to keep the production of every client's business running smoothly 24/7.

MISSION VISION

HELPING BUSINESSES WITH WORLD CLASS PRODUCTS
& RELIABLE CONSULTANCY SERVICES

OUR MISSION

We believe in optimism and building a positive relationship with our suppliers and manufacturers by offering the best possible services.

We work hard every day and constantly update our technology to keep up with the changing trends. Our main objective is to make Bridge Chemie one of the most reputed and reliable service brands in Bangladesh.

OUR VISION

Our goal is to support and help all the native manufacturers produce high-quality export products. We believe in innovation and aim to represent Bangladesh to the world for its top-level performance in the ceramic and garments printing areas.

COMPANY IN NUMBERS

OUR WARRIORS

MESSAGE FROM MANAGING DIRECTOR

Nazmul Karim founded Bridge Chemie in 2004 and currently the Managing Director of the company. He started working with only Ceramic raw materials and machines but now have lead the team to work in Textiles chemicals & machines, printing solutions & many other industries.

He graduated from University of Chittagong completing both his Bachelor and Masters degree in Public Administration.

► **NAZMUL KARIM**
MANAGING DIRECTOR

Nazmul Karim has a strong grasp of professional and cultural aspects in many different countries because of his travelling & foreign work experience and partnerships. As the Lead Developer, his operations throughout the country helped him gain substantial expertise on raw materials and tools. Working for 10 years as the Country Manager for DEGUSSA AG. Germany, he achieved a great deal of knowledge on Industrial Chemicals. All his knowledge, learning, and experience successively made him the wingman as one of the leading suppliers and manufacturers of the Ceramic and Textile industries in Bangladesh.

Nazmul continues to lead the team in achieving goals that is shaping the Ceramic & Textiles Industry to have greater socio-economic impact in the country. He is pursuing & funding many other ventures and exploring many more projects and ideas towards production and manufacturing in Bangladesh to create more employment.

Nazmul is also an avid philanthropist and social worker and has made significant contributions towards education and employment opportunities for the underprivileged.

▶ AADIB KARIM

DIRECTOR

Mr. Aadib Karim is a young visionary mind and one of the persons who is taking Bridge Chemie to a new level by empowering the power of modern science and technology. Besides his study in Electrical and Electronic Engineering at Rochester Institute of Technology, he has gained experience in different fields of scientific research and the technological field.

He has also completed his internship at Temple Allen Industries, Rockville, MD, designing and developing electrical circuits and embedded systems. Additionally, he has practical experience working in world-class laboratories and affiliation on several engineering projects. Some of his successful projects and innovations include Idea-Lab, Burglar Alarm, \$2 Hand Sanitizer Dispenser, Line Follower Robot by Texas Instrument etc.

Moreover, Mr. Aadib Karim has worked in different companies such as RIT 365, Global Union, Crossroads Create etc. He always cherishes utilizing science and technology to help humanity make the world a better place to live for us and future generations.

A creative mind, tech-savvy person and knowledge of modern science describe Mr. Aadib Karim the most. Predictably, he can take the company to a new height through his skills, dedication and hard work.

▶ ABDUL GAFFAR

EXECUTIVE DIRECTOR - OPERATION

Mohammad Abdul Gaffar has been holding the position of Executive Director whilst being a Finance and Banking Specialist over one and half decades. He is in charge of the communication and relationships with Foreign partners, suppliers, delegates and all trading ententes of the Textile division. Along with attending local and foreign forums and fairs, he supervises all the banking activities of Bridge Chemie.

Before joining Bridge Chemie, Mr Gaffar contributed to Rupali Bank Ltd., NCC Bank Ltd. and Shahjalal Islami Bank Ltd., where he had accorded his service for more than 14 years.

Mr Gaffar is a Finance and Banking Post Graduate from the University of Dhaka. Besides possessing a prestigious degree in the field of business, he also received a Diploma in Banking (DAIBB) from the Institute of Bankers Bangladesh.

His fields of expertise are Foreign Trade, Export & Import, Financial Management, Strategic Planning, Customer Service. He has proven himself as a splendid leader and his working companies have always found him an ideal model and promoter.

Mr. Gaffar regularly follows global prestigious people and their associations, keeps himself up to date about the world economy, and is very much interested in innovation in business. In the future, he covets to continue his professional eminence.

▶ ABU SARWAR

EXECUTIVE DIRECTOR

Mr. Md. Abu Sarwar is one of the key member of Bridge Chemie. He has over 32 years of working experience in different fields with proven track record and working with several organizations, ranging from agro-industries to social development to engineering fields related to food safety and irrigation systems.

Mr. Md Abu Sarwar obtained his B.Sc in Agricultural Engineering from Bangladesh Agricultural University— one of the largest agricultural universities in southern Asia. He also completed his MBA in 2003. He started his professional career as a Research Officer and showed remarkable success on the projects.

After all, Mr. Md. Abu Sarwar is a visionary person who has set successful footsteps in every area he worked/working for. Currently, he is leading Bridge Chemie with his knowledge, skill and experience and has made the company one of the top ceramic raw materials supplier in Bangladesh.

SPECIALITY CHEMICALS FOR DIFFERENT INDUSTRY

- ✓ 2- Ethylantraquinone
- ✓ Hydrofluoric Acid
- ✓ Sodium Nitrate
- ✓ Lead Nitrate
- ✓ Sodium Silico Fluoride
- ✓ Magnesium Fluoride
- ✓ Phosphoric Acid - Technical Grade
- ✓ Magnesium Silico Fluoride
- ✓ Phosphoric Acid – Food Grade
- ✓ Nickel Fluoride
- ✓ Isopropyl Alcohol
- ✓ Potassium Carbonate
- ✓ Aluminum Fluoride
- ✓ Potassium Cryolite
- ✓ Ammonium Bifluoride
- ✓ Potassium Fluoroborate
- ✓ Ammonium Fluorosilicate
- ✓ Potassium Fluorotitanate
- ✓ Ammonium Sulphate
- ✓ Potassium Fluorozirconate
- ✓ Arsenic Trioxide
- ✓ Potassium Silicofluoride
- ✓ Calcium Fluoride
- ✓ Sodium Fluoroborate
- ✓ Fluoroboric Acid
- ✓ Sodium Fluoride & Sodium Cryolite
- ✓ Fluorosilicic Acid
- ✓ Copper Sulphate
- ✓ Fluorozirconic Acid
- ✓ Mono calcium Phosphate (MCP)
- ✓ Glacial Acetic Acid
- ✓ Monocalcium Phosphate (DCP)
- ✓ Hexafluorotitanic Acid
- ✓ Triple Superphosphate (TSP)

PRINTING CHEMICALS & RAW MATERIALS

- ✓ Pet Film (Hot Peel/Cold Peel/Offset Print)
- ✓ Transfer Paper
- ✓ Hot Melt Powder
- ✓ Adhesive Paper
- ✓ Reflective Powder
- ✓ Reflective Film
- ✓ QT Thick Film (For High Density Printing)
- ✓ Pigments Inkjet Film
- ✓ Knife Cut Masking Film
- ✓ Silicone Ink
- ✓ T Mash (White & Yellow)
- ✓ Emulsion (All Kind Of Screen Solution)
- ✓ Plastisol Ink
- ✓ Litho Offset Ink
- ✓ Water Based Heat Transfer Ink
- ✓ Solvent Based Heat Transfer Ink
- ✓ Solvent & Water Based PAD & Screen Printing Ink

CERAMIC RAW MATERIALS

- ✓ Feldspar (Lump, Chips & Powder)
- ✓ Quartz (Lump, Chips & Powder)
- ✓ Kaolin
- ✓ Ball Clay
- ✓ Plaster of Paris
- ✓ Calcined Alumina
- ✓ Zinc Oxide
- ✓ Calcium Carbonate
- ✓ Zirconium Silicate
- ✓ Sodium Silicate/ STPP
- ✓ Calcined Kaolin
- ✓ Calcined Talc
- ✓ Fire Clay (Premix)
- ✓ Frit
- ✓ Vitrossa
- ✓ Bentonite
- ✓ Pottery Stone
- ✓ Barium-Carbonate
- ✓ Digital Printing Ink for Tiles
- ✓ Pigments for Tiles Sanitary
- ✓ Magnesium Chloride
- ✓ Dispex

CERAMIC DECORATION

- ✓ Tiles & Tableware Decoration Color
- ✓ Precious Metal (Gold & Platinum) for Ceramic/ Glassware
- ✓ Medium Oil Jelly & Liquid
- ✓ Cover Coat Yellow & Clear

MACHINES AND SPARES

- ✓ Ball Mill
- ✓ Pneumatic Diaphragm Pump
- ✓ Vibration Sieve
- ✓ Magnetic Separator
- ✓ Filter Press
- ✓ Kiln Furniture
- ✓ Insulator Fiber
- ✓ Filter Cloths and Plate
- ✓ Insulation Brick
- ✓ Auger/Pug Mill
- ✓ Roller Head Jigging Machine
- ✓ Iso-Static Press Machine
- ✓ High Pressure Casting Machine
- ✓ Green Ware Finishing Machine
- ✓ Grinding Media For Raw Materials
- ✓ Polishing Disk
- ✓ Gas Burner, Nozzle etc For Kiln
- ✓ Grinding Stone

- ✓ Auto Dip Glazing
- ✓ Kiln
- ✓ Spray Dryer
- ✓ Pressing Machine
- ✓ Digital Printing Machine
- ✓ Glaze Line
- ✓ Green Tiles Storage
- ✓ Grinding Media For Raw Materials
- ✓ Finishing Sponge
- ✓ Piston Pump
- ✓ Auto-Magnetic-Iron-Remover
- ✓ Edge Scrapper
- ✓ Auto Clave
- ✓ Automatic – Viscometers
- ✓ Plasticity Meter
- ✓ Torsion-Viscometer
- ✓ Vacuum water absorption machine
- ✓ Test Kiln
- ✓ Rapid-pot-mill with double jar
- ✓ MOR Machine
- ✓ Abrasion Tester
- ✓ Whiteness-meter
- ✓ Digital Gloss Meter
- ✓ Powder Sieving Machine
- ✓ Pycnometer

Top-notch Engineering Solutions for Your Business

Providing best-in-class engineering solutions for a wide niche of business areas. Whether it's a high-end textile printing solution, ceramic industry, or quality hardware equipment for your business, we can back you up with the best possible outcome.

If you're searching for the best textile, ceramic, and screen-printing engineering solution, we have the expertise to help you with your work. Rest assured, you will get the best engineering support to make your task easier.

Services Blended with Quality & Expertise

We have been successfully representing 30 multinational companies to promote them in Bangladesh and growing fast. To avail of a high-quality and top-notch industry-based engineering solution, reach us anytime – from anywhere.

How can I order a Product?

You can simply send us your query. We will come to you soon with our offerings and other details to meet your needs and requirements.

Do you provide warranty?

Yes, we provide a warranty on our products. With each of our products, you will get a long-term warranty under several terms and conditions.

Do you provide after-sale service?

Yes, you can enjoy a free after-sale service within the warranty period. However, if the warranty expires, you might require to pay a reasonable amount to avail of after-sales service.

Our Solutions & Benefits

Among many other areas, our core competency spans over textile machines, i.e., screen printing machines, Ceramic and plastic industries. With a greater customer satisfaction rate, we are determined to provide the best solutions for our customers.

- Best Price Guaranteed
- Quality After Sales Services
- Expert professionals
- World-class Products with Extended Warranty

BRIDGE HARDWARE & ACCESSORIES

We believe that a home is more than just a place to live, it's a reflection of your unique style. So, you're updating a single room or the entire house or your office premises, we're here to help you bring your vision to life. We offer hardware for restoration including interior and exterior. Our hardware are made to last from durable materials like solid brass, porcelain, crystal, and hardwoods.

WHERE QUALITY MATTERS MOST!

We have created an ecosystem of designing highly sustainable products for our clients. The satisfaction of our customers is our highest priority. And we are always ready to provide the product with increased longevity and sustenance.

With a high-class finish, you will feel the experience of great hardware using them in your house and office. Among countless other benefits, some significant features of our products are:

- 100% Brass Metal- Better than Stainless Steel
- High-class foiling
- Durable and high-quality products
- Elegant design with high-standard finish

HIGH-END PRODUCTS THAT LASTS EVEN LONGER

With an extensive range of quality products, we are happy to serve our customers. Rest assured, the best prices are guaranteed, and you never regret what you invested in. Hence, we can say that the quality and durability of our hardware are just what you need.

OUR PRODUCTS

- Tower Bolts
- Door Handle
- Aldrop
- Hinge
- Bathroom Accessories

What is better, brass metal or steel?

The use of brass metal is better than steel in the machinery and hardware. And we're happy to announce that we are using brass metal in every kind of our hardware.

How are we better than others?

We have perfected our design and manufacturing process. With high-class raw materials and incredible finish, you will feel the greatness of our item in every touch.

What about Pricing of hardware?

Our pricing may seem a little higher than average, but considering the quality of our product and the raw material we use, you will be on the winning side by having our product.

Ensuring the demand for bulk ceramic materials for your business! With a ready stock, we've got a great foreign affiliation, and we import the best quality ceramics materials for the growth of local ceramics businesses and entrepreneurship.

With exclusive dealerships and partnership agreements, we import the best product for you. Our stocking of ceramics materials is huge. We are ready to meet any quantity with guaranteed quality and faster delivery for your business.

✓ Our Products

- Plaster of Paris (Jiggering, Casting, Case)
- Ceramic body Binder
- Glaze (Calcined Alumina, Zirconium Silicate, Zinc Oxide, Calcium Carbonate, Dolomite, Walestonite, Magnesium Carbonate, Calcined Talc, Talcom Powder)
- Sodium Triphosphate
- Pigment
- Feldspar (lump, chips, and powder)
- Quartz (lump, chips, and powder)
- Kaolin, (China Clay)
- Ball Clay

✓ Where Quantity Meets the Quality

- High-quality raw material
- Wide variety of materials
- Expert support
- Faster delivery
- Competitive pricing

BRIDGE TRADE

Can I buy raw materials from you?

We directly import raw materials from our foreign business partner to ensure the highest quality and sustainability. As a result, you can trust Bridge Trade to grow and manufacture high-quality and highly resistant ceramics products.

How can I order a product?

You can simply send us your query. We will come to you soon with our offerings and other details to meet your needs and requirements.

What are your payment options?

There are several methods to pay us. We also offer an LC facility with flexible payment options for you. Besides, you can contact an agreement with us to set your suitable payment option.

FAQ

Bridge Sourcing

Bridge Sourcing is a multinational buying house and exporter in the garments and textile industry. As Part of the Bridge Chemie Family, we have been resolutely trying to create a positive image of Bangladesh to the world with the vision of creating a bridge between global buyers and local manufacturers while aiming to deliver quality textile goods.

BRIDGE SOURCING

Bridge Sourcing is a concern of Bridge Chemie, the leading name in supply chain management and distribution in Bangladesh. With 19 years of experience in providing services to overseas and local partners from 25 countries around the world, we now aim to provide total client satisfaction in the textile industry. Here, we believe in quality and prioritize the commitments we make. With the help of effective leadership, supply chain management and sustainable initiatives from within our policy, we hope to reach the forefront of Bangladeshi Textile industry.

For our global buyers, we offer quality textile solutions through a group of professionals with expertise in fabric, sourcing, production etc. Our QC teams are ready to ensure product quality as per client demand while our FRI teams inspect the goods on AQL of customers. There is also a strong CSR team who follow up on all the different compliance requirements set by our valuable buyers. We have a state of the art corporate head office at Aftabnagar, Dhaka, Bangladesh. Besides, we also have design, sales and sourcing offices in USA and Turkey to facilitate easy communication with our clients.

Bridge sourcing is now associated with over 200 top rated Woven, Knitwear, denim and handicraft manufacturers in Bangladesh who are highly organized, qualified, and of course, Compliance Certified. All Our associate factories are certified by ACCORD, ALLIANCE, BSCI, SEDEX, WRAP, OEKO-TEX, GRS, RCS, GOTS, OCS, FAIRTRADE, etc. while some are also MADE IN GREEN.

COMPLIANCE

✓ WHY CHOOSE BRIDGE ?

- Competent vendor sourcing
- On Time production and delivery
- Exemplary Quality assurance
- Constant communication and co-ordination
- Cutting edge design and sample

Factory Sourcing:

We take an extra step to source the most appropriate vendor for our clients. We have a diverse pool of associates fit to meet any demand placed by our clients.

Merchandising:

Our merchandising department consists of highly qualified team of merchandisers whose primegoal is to provide full satisfaction to our clients starting from securing order to shipment delivery while reporting the order status on a regular basis.

Quality Assurance:

With a very dedicated team, we work diligently and conduct a series of regular lab tests and quality checks to ensure the best quality for our clients.

OUR PRODUCTS

- Knitwear
- Woven Wear
- Denim
- Workwear
- Handicrafts

Sampling:

In-house sampling department equipped with state of the art fabric development technology allowing us to provide potential buyers with samples from our collection, or produce prototype products designed and chosen by the clients.

On Time Delivery:

We take that extra step to make sure deliveries are always on time by developing optimal packaging and monitoring shipments. Our clients can rest easy knowing that their productrests in our capable hands.

One-stop Printing Solutions That Fulfill Your Business Needs

To us, your design will never get outdated. Just say the task and let our expert take care of the rest. From scratch to final delivery, our experts will get it done as per your requirements. Apart from traditional designs, get customized designs, depending on your special needs.

Top-notch printing solutions at your fingertips to fulfill your business demands. Be it the latest textile printing, ceramic, or paper printing, get everything in one place

Our Printing Solutions Services

While it's about quality, we always try to keep the bar high. Enjoy peace of mind when every penny you invest is worth it.

- Most Modern screen printing solution
- Sublimation coating technology
- Customized design and printing facility
- Best deals with guaranteed quality

Compatible With Any Business Size

Whether a textile printing solution or ceramic printing, get your projects done with the best quality printing solution. And price? We bet you'll find the best price guaranteed – suitable for small enterprises to large scale industries to meet all the demands within the best possible time.

”

How is Bridge Agro Farm different?

While many companies work with Agro farming, only Bridge Agro Farm uses top-notch and advanced scientific methods and technologies to ensure safety and hygiene. Thus, you will enjoy many benefits from investing and buying your product from Bridge Agro Farm.

Do you plan to expand your agro stock?

Yes, eventually, Bridge Agro Farm will expand from livestock to fisheries, vegetation, and more.

OUR PRODUCTS

- Live Stock
- Poultry
- Organic Products
- Land

How do you maintain proper food hygiene?

Nowadays, unfortunately, most of our food has toxins from various chemical compounds mixed in them. By implementing scientific methods, we prevent such toxins and prevent the livestock from catching any disease.

Using Latest Agro-technology to Support the Community

Fulfilling the local demands for fresh and hygienic food in the agriculture industry. Bridge Agro is a concern of Bridge Chemie. Primarily by working with livestock such as cattle and ducks, we aim to supply local livestock all over the country.

Using state-of-the-art technology and advanced scientific methods, we maintain proper hygiene and guarantee the animals are treated correctly. With extensive and advanced medical examinations, we authorize our livestock to be disease-free and in the healthiest condition. This helps us to protect our consumers best interests.

How do we benefit the local Community?

By working with local animals, we are helping local farmers and ranchers financially and supporting their animal husbandry practice.

As our country increasingly imports more livestock, we must make sure our local livestock business is still up and running. Again we understand the local animals should be properly reared and valued as much as foreign ones.

Bridge Agro is committed to keeping part of our agricultural heritage alive.
